

Spring into Green!

Backyard Compost Bins

The **SoilMaker System** composts:
Leaves • Grass
Clippings • Twigs
• Brush
• Garden Scraps
• Bio-degradable
Foods & More

SOILMAKER

The Green Cone System

The **Green Cone System** is a **Digester**. It accepts all the material a traditional backyard composter can't. It does not generate any compost. **It Digests:**

**Red Meat • Fish and Bones
Cooked Food Scraps
Dog and Cat Feces • Dairy Products**
