

Fall Leaf Pickup Program

Town of Stonington

Leaf Collection begins Monday, November 6, 2017

The Town has been divided into thirteen (13) leaf collection routes or districts. Please check the lists at the bottom of this page to determine your route. There will be two passes to collect the leaves for each route. Depending on weather conditions crews may enter into a section ahead of schedule or remain in an area longer than anticipated.

After completion of the two passes no further collection will be made.

Residents with leaves to dispose of after the second pass can drop them at the Stonington Transfer Station composting area year-round free of charge. The Stonington Transfer Station is located at 151 Greenhaven Road, Pawcatuck, CT.

DO

- Keep your leaf pile on your property.
- Pile leaves neatly on the grass near the edge of the road/curb line.
- Keep children and pets away from the equipment as we pass through your neighborhood.
- Be patient. We cannot predict exactly when we will be on your street or house. Weather, equipment issues and manpower can alter the schedule. We do our best to communicate through our web page of our approximate location.

DON'T

- Put leaves in the roadway or blow them across the street.
- Block sidewalks or walkways.
- Place leaves near fire hydrants or intersections where they can create a visual obstruction.
- Place leaf piles near or on a storm drain/catch basin as this will block the flow of storm water to the drain causing localized flooding.
- Place branches or other material with the leaves. Mixed piles will not be picked up.
- Place leaf piles over items that can cause damage during pickup such as rocks and sprinkler heads.

Fall Leaf Pickup Program

Collection Schedule (first pass)

Route	Location	Week of	Complete
1	Pawcatuck	11/6/17	
2	Mystic	11/6/17	
3	Pawcatuck	11/6/17
