

**Revaluation October 1, 2017**  
**Marsha L. Standish, CCMAII, CCMC, SPA**  
**Director of Assessment**

Vision Governmental Solutions will be mailing out data mailers under the authorization of The Department of Assessment on March 31, 2017. The data mailer is essential in verification of your property characteristics. **Residential property owners need to return the data mailer if any of the information contained on the mailer is incorrect.** If the information is correct **do not** return the data mailer.

The data mailer will also have a property sketch that includes outside dimensions followed by a description of the codes contained on the sketch.

Commercial property owners will be advised to review their information on line through the Town of Stonington's Geographical Information System (GIS): [http://gis.stonington-ct.gov/ags\\_map/](http://gis.stonington-ct.gov/ags_map/). Income and Expense forms will be mailed to income producing properties April 13, 2017. Extensions may be requested in writing on or before May 1, 2017.

This data is essential in the revaluation process to ensure equal distribution of each taxpayer's fair share of the Town of Stonington's tax obligation.

Concurrently with the November mailing of the 2017 revaluation notices a **2017 REVAL BOOK** with the 2017 values will be published as a downloadable PDF on the Town of Stonington's website [www.stonington-ct.gov](http://www.stonington-ct.gov). This book will be alphabetically listed by street address. Summary of your property record card is available on line through the GIS link above. Detailed property record cards are available at the Department of Assessment, Town Hall, 152 Elm Street, Stonington.

During November 2017 notices of property values will be sent to all real property owners at which time an appointment may be made for a hearing with representatives of Vision Governmental Solutions. The notice **will contain** use assessments for farm and forestry and **will not** contain any exemptions (veterans, solar, etc.)

The outcome of these hearings will be reviewed by the Department of Assessment followed by a second notice of the result of such hearing. The second notice will be mailed only to those requesting and attending a hearing. In both cases information regarding the appeal process will be contained in the notice.

There will be no further notices prior to the Board of Assessment Appeals. Appeal dates and applications to the Board of Assessment Appeals will be posted to the Town of Stonington's web site.
