Mr. Simmons thanked Chief Burns and his department for their service and for providing an important public safety measure to the community. He stated on the issue of whether or not Stonington Borough Fire Department wants to change, he talked to the Chief today, and in his opinion the Chief of a fire department has the right and a responsibility to make that judgment. in the case of the Borough they are a separate municipality so funding is not an issue. Mr. Spellman thanked Chief Burns and the Pawcatuck Fire Department for great service to the town. Mr. Spellman stated with the movement of them to the 911 dispatch in Rhode Island occurring in 1998 and looking at the double taxation or paying twice for the same service we have to take a serious look. He stated that also we have had these discussions before with the volunteers being such, there is significant coverage for the Pawcatuck Fire Department assisting Wequetequock and Borough during the day. He said they all need to be on the same page working together. He said that communication is crucial and we need to have something that is geared toward to the Fire Departments.
