Mr. Brynes summarized the application. State statute now allows for on-premises consumption of their product. Cottrell has existed since 1997, and came before the commission in 2011 for a definition of brewery to be put in the zoning regulations. At that time on-premises consumption was not allowed. The application also calls for using the micro-brewery parking guidelines for breweries.

Brewpubs and breweries have different permits from the state.

Letter from the Economic Development Commission regarding planning for reuse of the Monsanto property on Maritime Drive

Blunt White spoke about uses for the property. Mr. Prue questioned whether this should be tracked through the POCD Implementation Committee. He stated he would rather be reactive to a use than proactively trying to imagine what it could be used for. Mr. Prue stated that the commission will be amenable to hearing other uses and this needs to be communicated to the developer. The commission agreed to make the Maritime Drive zoning a priority.

Mr. Boardsen moved to elevate the zoning of Maritime Drive task to high if not already, seconded by Ms. Conway, all in favor 5-0, motion approved.

Mr. Young moved to adjourn, seconded by Mr. Boardsen, all in favor 5-0. The meeting adjourned at 9:15pm.
