To all interested parties, this is notification that the invitation to bid for the Stonington Town Hall HVAC Improvements & Related Work project, has been rescinded. At this time the Town does not believe it has the required funds available to fully fund the project and is reevaluating the scope of work and budget for the project. The project may or may not be rebid in the second half of calendar 2021.

My thanks to all contractors who expressed an interest in the project and/or submitted bids.
