Please note: This meeting is the Board of Finance's opportunity to deliberate on the budget. There are no public comments during this meeting outside of questions Board members may directly ask of the First Selectman, specific department heads, or representatives from the school. Please be advised if you are joining by phone your phone will be on mute to allow for all participants to hear the board members clearly.

There will be a public meeting about the budget in the coming weeks. We are still working with the State and Health Districts to determine the best way to accomplish this. The Town and Board of Finance are committed to include public feedback to the budget but the exact methods are still being refined. Your understanding and participation during these very trying times is very greatly appreciated. Thank you.
