Harbormaster Report

November 9, 2020

New Mooring permits issued: 0 (East Side) Moorings being given up (this month): 0
New Mooring assignments in the works: 0
Deposits to SHMC account since last report: \$ 200 2020 YTD = \$ 26017.20

Correction to deposit on 10/1/2020: amount deposited was \$1537.20 not \$1437.20 as reported

Spoke with Tim Delgado at CT DEEP regarding definition of the area of the SNW zone at west end of Sandy Pt. We came to an agreement on the area and the wording to describe it. This should be covered under Ordinance revision item of SHMC agenda.

Participated in the search for a missing boater from Groton on Friday, Oct 30, from 2000 to 2300 and Saturday, Oct 31, 0730 to 1200. Request came from USCG via Marine Group 4 notification. I was assigned search of Mystic River Friday night and shoreline search from Little Narragansett Bay west toward Groton Saturday. Unfortunately, search ended in recovery of body Saturday north of Great Gull Island.

SNW sign on Sandy Point will need to be taken down in near future.

Robert G

Expect to haul boat by end of November (once the harbor is clear of most moored vessels). Boat will be stored at Don's Dock again this year unless arrangements can be made elsewhere.

Respectfully Submitted,

Eric Donch
Stonington Harbormaster
