Appendix A
Presented to Police Commission July 14, 2022

The primary intent of zoning ordinances is to segregate land to prevent the mixing of incompatible land uses. To conserve existing neighborhoods by designating the amount and types of businesses allowed in a given area. Preserving the quality of life for residents in residential zones while allowing for economically vibrant and attractive business in commercial zones. It is broken down into multiple categories to help balance a city to ensure proper land use and provide value to citizens that own property.

There can be no mistake, The Mystic Outdoor Art Festival is a commercial venture as defined by Article 1.2.2 regarding Specific words used in the regulations. The Regulations defines Commercial in the context of uses as a use facilitating the barter, sale or exchange of things of value including wholesale and assembly of articles for sale.

The Chamber sells tent locations to vendors who in turn sell their merchandise. Profits are made by both the Mystic Chamber and the artist who rent the tents to sell their merchandise. This is a commercial enterprise. It does not matter that the Chamber is a non-profit organization. The Chamber makes a profit from the event which helps pay for the salaries of it’s administration. The artist make a profit from their sales. Neither pay taxes to the town for that income. However the residents of Bay Street pay collective property taxes in the neighborhood of $100,000 per year. I expect the towns appointed commissioners to adhere to the laws of the land namely the Town of Stonington Zoning Regulations and protect the rights of its tax paying residents.
New Construction. [ADOPTED FEBRUARY 25, 1993] Structures for which the "start of construction" commenced on or after, December 28, 1961, and included any subsequent improvements of such structures.

Non-Building Use. [ADOPTED JULY 20, 1961] A principal use of land to which the buildings on the lot, if any, are accessory, such as a trailer park, junk yard, public parking lot or an open storage yard of materials.

Non-Conforming Bulk. [ADOPTED JULY 20, 1961] See Bulk, Non-Conforming.

Non-Infringement Area. [AMENDED SEPTEMBER 7, 2004] The area designated by the Commission, or these Regulations, adjoining a stream, floodway, wetland, tidal area, that may not be disturbed, filled or improved, but may be used, with permission from the Planning and Zoning Commission for public trails, greenways, boat access, and water quality restoration activities. The dimension or width of such an area shall be set by the Commission in view of local conditions in terms of soils, slope, use, streams, flood potential, and local geography.

Open Space Development (OSD). [ADOPTED AUGUST 21, 2006] A development which conforms to Section 6.6.22 of the regulations. An Open Space Development may include a subdivision, or resubdivision of land, or may be a Common Interest Community development.

Outdoor Vendors. Individuals seeking to sell wares, produce, crafts or any merchandise from a non-permanent location on a private open lot, or other location not in a public street or on a public sidewalk.

RE: Alleged Zoning Violations on Bay Street

Dear Mr. Allard:

Please be advised that our office acts as the Town Attorney for Stonington. Your and your neighbors’ letter of July 27, 2021 to the First Selectman was referred to our office for response. For the following reasons, the First Selectman will not be rescinding Town approval for the Chamber of Commerce’s Mystic Outdoor Art Festival.

Placement of Tents on Bay Street Is Not a Trespass On Private Property

Despite there not being an express deed of conveyance to the Town for the roadbed underneath Bay Street, Bay Street is a legally accepted and dedicated Town road. As such, the Town has absolute control and authority over the entire road so long as it continues to be dedicated as a Town road. Only at such point in time that the Town decides to abandon Bay Street would any ownership transfer to abutting property owners. As such, the Town’s use of Bay Street, and what it permits to be done on it, is not a trespass.

Zoning Has No Control Over What Uses The Town Authorizes On Its Public Streets

Public streets, and any temporary uses thereof, are controlled by the Board of Police Commissioners. Temporary use of Town streets for festivals, etc. are outside the scope and authority of local zoning. As such, there is no zoning approval necessary before the Board of

This simply is not true.

Uses within a zoning district are controlled by zoning regulations, not Police Commissioners.

Local state statutes do not allow Police Commissions to approve anything with the
Police Commissioners votes to permit certain uses on public streets; and conversely, there is no zoning violation if the Board authorizes some temporary use other than traveling by car.

Based upon our opinions set forth above, the Town First Selectman will not be taking any steps towards attempting to rescind the approval that is in place for the Mystic Outdoor Art Festival to use Bay Street.

Very truly yours,
Conway, Londregan, Sheehan & Monaco, P.C.

Jeffrey T. Londregan, Esq.

Cc: Danielle Chesbrough, First Selectman
Darren Stewart, Stonington Chief of Police
Referring to letter to Mr. Allard by att. Londregan

In Attorney Londregan’s letter to Mr. Allard dated August 4, 2021
RE: Alleged Zoning Violations on Bay Street.

The Town attorney expressed ZONING HAS NO CONTROL OVER WHAT USES THE TOWN AUTHORIZES ON ITS PUBLIC STREETS.

This clearly is not the case. In the preceding paragraph Att. Londregan States the Town has absolute control and authority over an entire road.

The question then becomes who in Town wields that authority. The police commission or the planning and zoning commission?

CSS 7-276 Power of Commissioners clearly states:

Police commissioners shall have general management and supervision of the police department of their Town, and of property and equipment used in connection therewith, and shall make all needful regulation for the government thereof not contrary to the law.

Further PA63-133 amended zoning enabling statute CSS 8-2, explicitly to require towns to comply with zoning regulations unless their legislative bodies vote to exempt the town from these regulations.

The Town has not presented any evidence of a vote that exempted the Town from compliance of their zoning regulations.

A decision by this commission to allow a use of the street for a use not allowed by the Zoning Regulations is contrary to Town Zoning Laws. This sets a precedent that zoning regulations don’t apply to the streets that are within a zoning district and this is not supported by State or Local Statues which clearly state the opposite.

Stonington Zoning Regulations
Appendix B
July 14, 2022, presented to the Board of Police Commissioners:

My name is Frederick Allard, owner and resident of 3 Bay Street in Mystic. I have been a resident of Bay Street for 53 years.

I am requesting the Board to deny approval of commercial use of residential Bay Street for the Mystic Outdoor Art Festival (MOAF) by the Chamber of Commerce as:

1. an infringement on the use and enjoyment of my property, and
2. A violation of zoning law for my district (RH-10)

Last year I lost full use of my property for 4 days. I was compelled to take extraordinary measures to protect my property, requiring time and expense that was not reimbursed by the Chamber. For the 2 days of the MOAF I was effectively trapped at home and visitors were discouraged from visiting due to the logistics of a police escort and due to the commotion of tens of thousands of passersby. As a result, I was not comfortable using my porch and was not comfortable leaving the property, including use of my watercraft for 2 days. The erection and dismantling of temporary fencing took several hours on the day before and the day after MOAF.

The RH-10 zone does not allow the commercial use intended by the Chamber of Commerce. Your approval violated the stipulations of PA 63-133 which explicitly required towns to comply with their zoning regulations. Note that the land under Bay Street itself is in the RH-10 zone and that zoning regulations shall be uniform for use of land in a zone, per CGS Title 8, Chapter 124, Sec 8-2. Further, the powers of your board—per the state enabling statute—do not allow regulations “contrary to law”, so it appears that your Board does not have the authority to approve the commercial use of Bay Street.

In summary, the use of Bay Street for MOAF would constitute an infringement on my rights to the full and reasonable use and enjoyment of my property.

Furthermore, it appears the Board of Police Commissioners does not have the authority to approve commercial use of Bay Street, which would be contrary to zoning law and apparently beyond the authority granted by CGS Title 7.

I am therefore insisting you deny the commercial use of Bay Street for the MOAF, starting with the denial of tents on Bay Street.

Respectfully,

[Signature]
