- Eversource Update- Light pole issues in Pawcatuck discussed.

Eversource explained that the light posts are no longer being manufactured and they cannot locate any in stock. Everyone was in agreement that they only want the decorative light post. Eversource will be sending Rob Simmons two sample decorative lights. Julie Holland will reach out to Westerly to determine if they have any spare light post they would give us. Rob Simmons will research Mystic lights. Possible solution of replacing the lights would be to replace the Donahue Park lights with newer decorative lights and use the old lights for the three missing on the Street will be explored by Rob Simmons. The base of two lights will be moved by the town away from the street. An update will be in two weeks.
