**Rx Drop Box**

Leanne Theodore, Stonington Human Services

Michelle Devine, Executive Director, Southeastern Regional Action Council (SERAC)

In attendance to offer Stonington Police Department a Rx drop box; every Department in county currently has box with exception of Stonington; Rx drop box provides an opportunity for residents to get rid of expired or unneeded Rx medications. The cost of the box will be covered by a grant, as well as stickers/instructions to provide to local pharmacies. Policies & procedures will be covered by Michelle Sylvester, Consumer Protection. Currently other communities collecting approx 20-30lbs of medication per month; all content removed with regular evidence. No concerns noted by communities currently participating, all comments are very positive. No sharps or liquids need to be collected; strictly for medication or medication bottles. The only cost not covered is for the bags that go into bin, and gloves used when emptying.

Ms. Theodore stated that grant opportunities may be available to cover any costs that will be incurred by Stonington Police Department.

Vice-Chair Moukawsher asked who is responsible for emptying the box; does an inventory have to be taken?

Ms. Devine stated that DEA used to do the take backs every six months, and every pill was counted, however DEA has eliminated that process. Now bags are removed by two officers, the bags are weighed & put in the evidence room, then incinerated.

The Commission asked how people are prevented from leaving sharps or liquids. Ms. Devine stated that most rules are adhered to; sharps containers are available if the Department decides to accept them.

Chair Olsson asked where the box needs to be located.

Ms. Devine stated that the box needs to be in a lobby where camera is installed.

## 2) Remarks of Visitors (cont'd)

### Rx Drop Box (cont'd)

Leanne Theodore, Stonington Human Services

Michelle Devine, Executive Director, Southeastern Regional Action Council (SERAC)

Commissioner Rotella asked if the pill bottles are opened when collected.

Ms. Devine stated that bottles are not opened; two officers are required for accountability purposes; medicine stays in bottle & gloves are worn by both officers; only the bags are removed from the box, taken into evidence, weighed & then incinerated.

Vice-Chair Moukawsher asked what the Department is obligated to under the grant once there is a commitment made to install the box, particularly if it is determined that it is not working out & the Department prefers to remove the box; is the Department required by the grant to have the box installed for a certain amount of time?

Ms. Devine stated that she does not believe the grant has a required commitment once the Department installs the box, but she will confirm with Michelle Sylvester in Consumer Protection.

Chief Stewart stated that he is aware one department did remove the Rx box because of the smell, and he is concerned if this occurs it will have an affect on meeting spaces in the area

Ms. Devine stated that possibly the Rx box was not emptied enough.

Ms. Theodore stated that she did reach out to the local Rite Aid, and currently they are providing weekly referrals to the Westerly Police Department Rx Box, and stated it would be very helpful to have one locally.
