RE: West Vine Street School  
Furniture, Fixtures, and Equipment  
W. B. Mason, Comany

Dear Mr. Marseglia,

DRA and our consultants have worked with the Town of Stonington Public Schools in developing the scope of need for furniture for the expanded and renovated West Vine Street School. A portion of the identified items were advertised for bids from interested vendors.

We received bids from a number of vendors and, after reviewing the submitted materials, recommend the award of the items enumerated on the attached recap sheet from W. B. Mason Company in the total amounts of \$66,934.<sup>00</sup> for items in Section 101, \$51,595.<sup>00</sup> for items in Section 102, \$16,394.<sup>00</sup> for items in Section 104, \$37,295.<sup>00</sup> for items in Section 201, \$28,118.<sup>00</sup> for items in Section 202, and \$4,392.<sup>00</sup> for items in Section 203.

This recommended award is within the projected cost for this category and the total cost projected for all furniture and technology is below the allocated budget.

Please do not hesitate to contact us if you have any questions related to this or any other aspect of the project. It is our pleasure to work with you and everyone in Stonington. We look forward to the completion of construction and the opening of the new schools for the students of Stonington.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Smolley', with a long horizontal flourish extending to the right.
