

SUSTAINABLE STONINGTON

TAKE THE POLLINATOR PATHWAY PLEDGE

I would like to join the Stonington Pollinator Pathway.

I pledge to support and protect local pollinators by adding at least one native plant to my yard and I will refrain from the use of pesticides and herbicides.

Features to include:

A sequence of blooms from spring to fall, especially native host plants & pollinator favorites

A water feature (bird bath, fountain or natural source)

Shelter such as leaf mulch, bee houses, and uncut plant stems during winter

Avoidance of pesticides and herbicides on lawn & garden

Organic practices such as compost (no treated mulch)

My street address for the Pollinator Map _____
